

Joint reflections on the study trip
**Co-existence with water scarcity in the
region of Murcia in Spain**
Murcia / LT, 25 April 2024

Discussion

What are your findings?

Lessons learnt during the lectures & site visits

How can you use them?

Prospects to transfer the explored approaches to the WaterMan partner regions and Baltic Sea Region

What are the further steps / requirements / conditions?

What needs to happen / change to transfer the solutions

WaterMan

Further activities & offers

WaterMan: Model regions & model strategies

WaterMan - Project concept

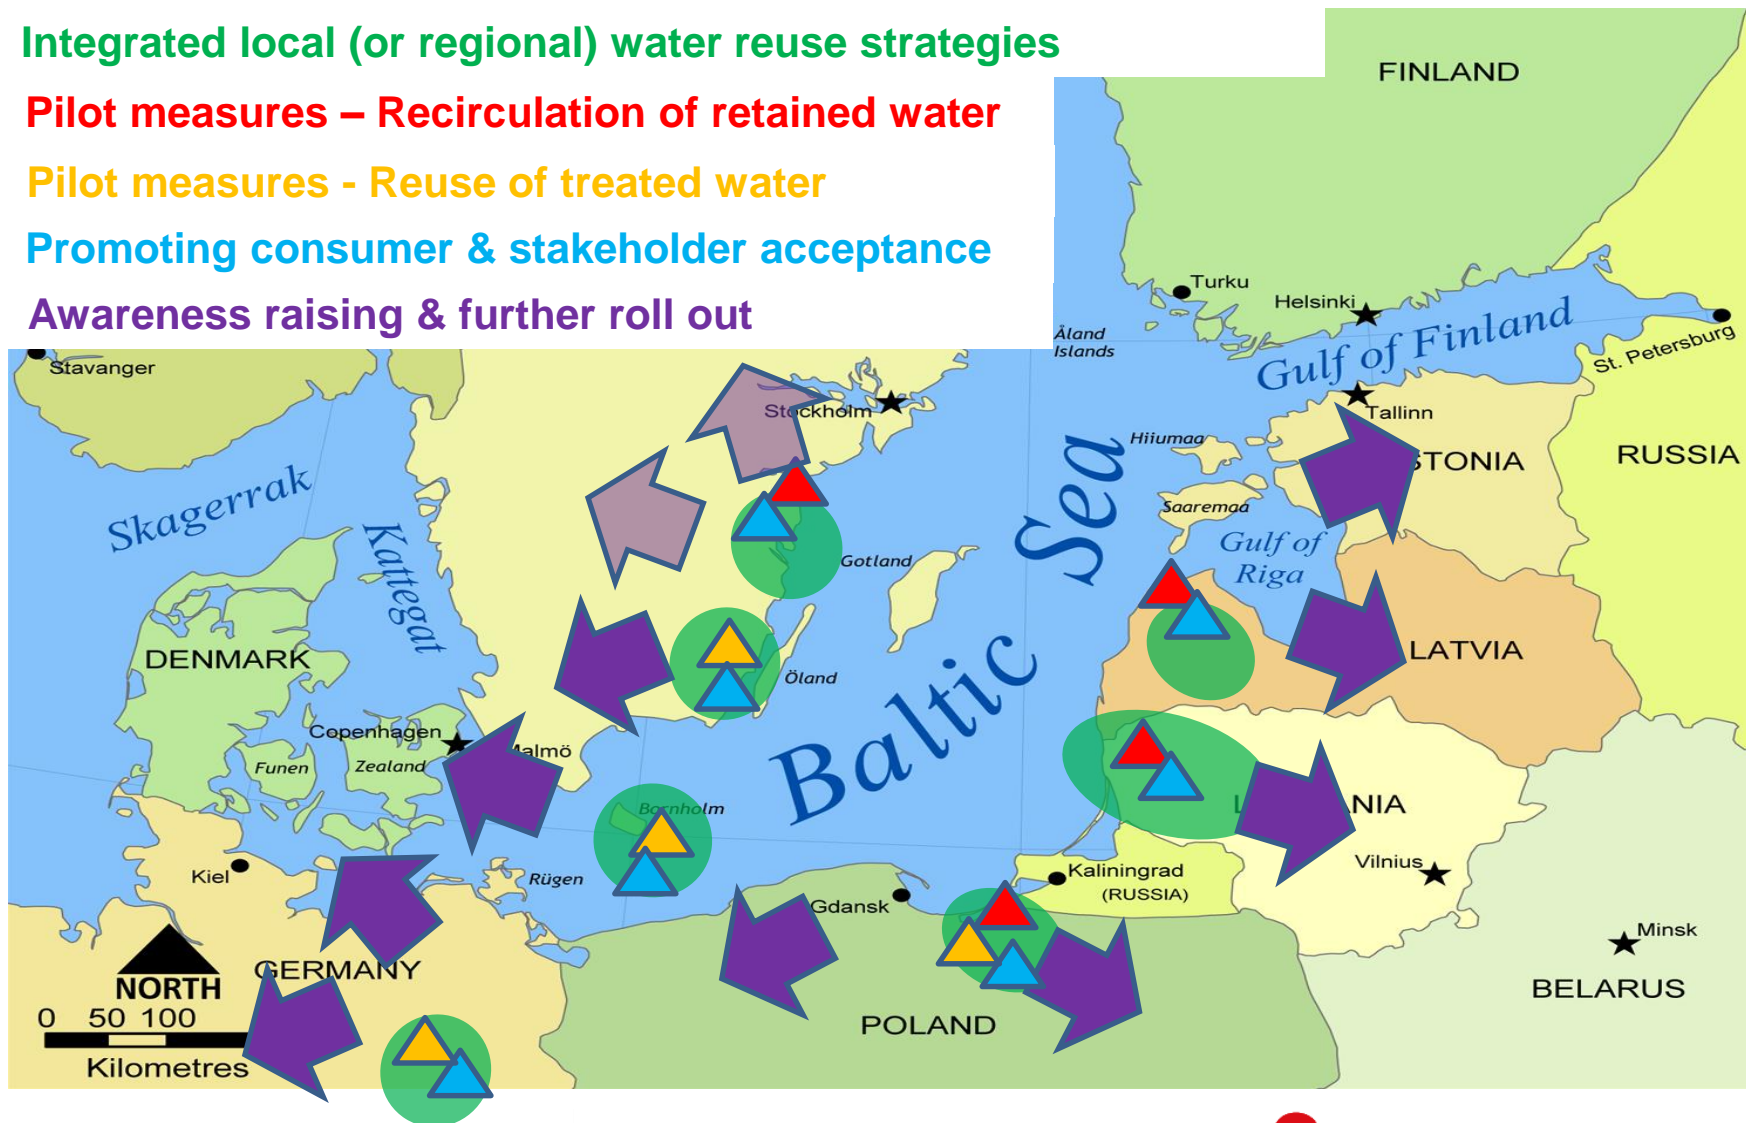

Integrated local (or regional) water reuse strategies

Pilot measures – Recirculation of retained water

Pilot measures - Reuse of treated water

Promoting consumer & stakeholder acceptance

Awareness raising & further roll out

Final outcome: BSR Water Reuse Toolbox

Diagnosis / strategic focus:

- **Model strategies & pilot measures** alone are **not enough** for ensuring the **uptake** of the developed approaches by others
- It needs **practical guidelines & targeted advice** on top

Approach:

- Creation of a “hands-on” **BSR Water Reuse Toolbox**, incl. e.g.
 - **Methodological guidelines** for strategy elaboration
 - Replication **blueprints** for concrete water reuse measures
 - **Success stories** from the WaterMan project (& beyond)
 - A generic **PR toolkit** to promote acceptance for water reuse
- Setting up **BSR Water Reuse Helpdesk** for accompanying in-depth advice for interested parties

Stay tuned on WaterMan & water reuse in the BSR!

Our offers for further information on WaterMan & water reuse

- **WaterMan Dialogue Fora** on water reuse in the Baltic Sea Region
 - **On-site visits** to the WaterMan **pilot sites**
 - **WaterMan website** > <https://interreg-baltic.eu/project/waterman/>
> to be extended step-by-step during the implementation
- > We would like to cordially invite you to our **upcoming events**:

Upcoming project events in 2024

17-19 Sept 2024 Study trip 2 / Northern Europe

- Demonstrators / adaption of water reuse for humid countries

(?) November 2024 Roundtable / Brussels (*hybrid meeting*)

- EU Policy Perspective
- Regulatory frameworks in other EU countries (& beyond)

Outlook: Dialogue Fora

5-7 Nov 2024: All-partner meeting & inspiration seminar / Berlin, DE

- Inspiration seminar: Project needs & “German interests / wishes”

1-3 April 2025: All-PP meeting & inspiration seminar / Braniewo, PL

- Inspiration seminar: Project needs & “Polish interests / wishes”

24-26 Sept 2025: All-PP meeting & inspiration seminar / Saldus, LV

- Inspiration seminar: Project needs & “Latvian interests / wishes”

25-27 Nov 2025: Final Conference & ERB Water Forum / Kalmar, SE

Thank you very much for your
attention and your contributions!
